DESCRIPTION

The AL435 adds a powered boom with 12" of additional reach required to clear the rear bumper of larger vehicles, as well as handle the largest possible power chair or scooter into the smallest vehicle openings. The AL435 offers the ergonomic hand control and two wireless key fobs.

More versatile and flexible than any other inside van and pick-up truck lift on the market today. Adapts to most mini-vans, full sized vans, SUV's and pick-up trucks. Fits other specialty vehicles such as the Chrysler PT Cruiser.
