DESCRIPTION

The AL425 is Harmar's premier inside, boom-style lift. From its visually pleasing appearance to its highly adaptable design, the AL425 sets a new standard for inside lifts. Fully powered lifting and rotation, coupled with an optional wireless remote, make the AL425 the easiest to use and install inside lift in the industry. It is the perfect solution to stow your power chair or scooter inside your van, truck or SUV. With the AL425, there's no reason not to get out and enjoy life!
