DESCRIPTION

The lightest solutions on the market providing more options! Compact, durable and American-made, the AL580 and AL580XL outside vehicle platform lifts safely and securely transport power wheelchairs. With a tidy and space efficient rear profile, the AL580 and AL580XL have a highly desirable and understated presence on the vehicle exterior.

The AL580 and AL580XL are easy to operate and are built to last for years of trouble-free use. Designed to meet the needs of consumers who need a quick, automatic securing option without making modifications to their power wheelchair, the stylish and compact detailing of this lift make it a must have for power wheelchair owners.

The 'Other' Guys

In many cases these lifts are the only lift solution on the market that will work. While other companies are raising prices and cheapening materials, Harmar is working to bring newer and more innovative products to market.

Easy as 1, 2, 3!

1

Drive chair onto platform

2

Raise armrest closest to vehicle and rotate swing arm out over top of power wheelchair

3

Raise lift and go!
