## **PINNACLE SL600HD**

## **HEAVY DUTY STAIRLIFT**

High-backed, contoured extra wide seat ensures a comfortable and secure ride. Sturdy, stationary armrests and reinforced footrest add stability for safer transfers. The seat slides out from the wall as it pivots at the top and bottom landings.

As with all Pinnacle stairlifts, the HD model is engineered to the highest industry standards and designed for optimal comfort, convenience, and aesthetics.

The patented nylon polymer worm gear provides low friction for longer battery operation during a power outage and the elimination of maintenance related to track lubrication providing extra peace of mind.

**UNIQUE SLIDE-SWIVEL SEAT** 

High capacity seat pivots 85° as it slides away from the wall to allow for installation closer to the wall and easier dismount at the top and the bottom of the stairwell.

## **COMFORT AND PERFORMANCE**

I can safely access the upper level of my home with my stairlift. It allows me to move comfortably in and out of my chair with its swivel seat and sturdy armrests.

## **SL600HD PRODUCT SPECIFICATIONS**

**WEIGHT CAPACITY** 600 lb

**TRACK LENGTH** 15' 6" to 40'

**SEAT SIZE** 18.5" x 14"
